

# Curriculum Statement – Breadth

At Ecclesfield Primary school we carefully design, plan and implement a curriculum which provides breadth for every pupil:

At Ecclesfield Primary school careful analysis and discussion about our pupils' backgrounds, life experiences and culture has helped us to design a curriculum with three key priorities underpinning every subject area. We believe that by focusing on the following key priorities our children will be ready to successfully meet the challenges of the next stage of their education and their lives.

*Our curriculum priorities are:*

- 1. Resilience – we aim to provide experiences which help our pupils reflect on their learning whilst developing their confidence in order to solve problems and know it is valuable to make mistakes and learn from them*
- 2. Collaboration – we aim to provide experiences which help our pupils to become collaborative learners who are able to work positively as part of a team.*
- 3. Core Skills – we aim to provide an abundance of memorable opportunities which enable pupils to practice core skills within a wide range of contexts*

We have designed and planned our curriculum to offer a range of memorable experiences which contribute to every child receiving a full and rich curriculum. The range of experiences we offer support and champion our culture and ensures that our children benefit from a full range of academic, spiritual, moral, social and cultural activities. These activities enrich their lives and those of our whole school community and make them proud of their British values and diverse society to which we belong and play an active part. We are proud that our curriculum gives our children the skills, confidence and self-belief to lead a happy and fulfilled life by encouraging them to become resilient learners who continuously work towards their goals and dreams in life.
