8th December 2022

Dear Parents and Carers,

As one of our pupil voice teams in school, the Eco-Warriors have been working hard to develop our school grounds to further help with our learning. Across the year, they are planning to initiate a wealth of exciting ideas to promote outdoor learning and encourage wildlife in our local habitat to set up home in different areas of our school grounds.

As part of this, they have been working hard recently to design and organise the creation of a school allotment which will provide our own area of land to grow food for our Let's Get Cooking after school group so that we are lowering our carbon footprint and having a positive effect on the environment. You may have already seen the start of this project where we have had new raised beds installed by a group of volunteers from a local community group. To help further with their ideas, the Eco-Warriors are hoping to raise some funds to provide the seeds and equipment that are needed in order to start growing food in the Spring.

Therefore, to help with this, the Eco-Warriors have created their own eco-friendly reindeer food bundles, ready for Christmas, at a cost of £1.00 each. If you wish to purchase one or more of these, please complete the **sQuid** offer entitled "Eco-Warriors Reindeer Food" by 11.59pm on Wednesday 14th December.

The food bundles will then be handed to the children on Thursday 15th December for them to bring home. Alternatively, there will also be a selection available to buy during the Christmas FS/KS1 and KS2 performances.

Please look out for the newsletter where the progress they make on the allotment project will be shared.

Thank you
Miss Latham
