The Code Show

Monday 27th February 2023

Dear Parents and Carers,

On Monday 27th February, school is welcoming the Code Show into our school for our KS2 pupils. This promises to be an exciting day for them and will include an introductory assembly and then individual class workshops, where the children will have a session of learning and hands on experiences. The focus will be on the history of computing – from the 1980's up to the present day. They will have the opportunity to explore many different machines and technologies, providing inspiration for computing and IT.

At the end of the day, parents are welcome to come into the large hall and experience using some of the equipment that the children have worked with during the day. The show will be open to parents and carers from 3:10pm until 4:15pm. If you are interested in accompanying your child to the event after school, please sign up for tickets using the £0.00 sQuid offer entitled "The Code Show" by 11.59pm on Thursday 23rd February. Entry will be via ticket only due to the capacity of the large hall.

Kind regards

Mrs Hill
Computing Lead
