### [FS Mathematics Information Workshop](#)

Dear Parents and Carers,

We would like to invite you to a Mathematics information session on **Monday 27th November at 3.15pm**. The session will take place in your child's classroom with your child's class teacher.

The session will give you a clearer insight into the process of teaching your child basic mathematic skills. We will demonstrate the early steps involved in exploring number, end of year expectations in mathematics and provide you with all the information you will need to be able to support your child at home.

To sign up for the session please complete the £0.00 **sQuid** offer entitled 'Mathematics Workshop' by **11.59pm on Wednesday 22nd November**. This event is open to all FS parents and carers. If you need childcare so that you can attend the workshop, please let us know via the sQuid offer. This will provide us with an idea of how many parents are attending the workshop and how many children we need to cater for.

The session should be roughly 30 minutes long and there will be time at the end of the session to ask questions. If you are unable to attend the session, the session slides will be shared onto Class Dojo and staff are always happy to speak to parents at a convenient time.

As always, should you have any questions, please speak to your child's class teacher, or a member of the FS team.

We look forward to seeing you there!

Kind regards,  
FS Team
