

ROCK AND POP MUSIC LESSONS

WITH CADENZA4KIDS

ABOUT US

OUTSTANDING MUSIC EDUCATION

Tuition is run individually, in pairs or in small groups during the school day and on school premises, or private teaching out of school hours. All children will receive enjoyable, adaptable and tailored tuition, and will learn varying styles of music. We educate in both the practical and theoretical elements of music.

PARTNERSHIP

In partnership with schools, we provide as many opportunities as possible for children to showcase their music in assemblies and concerts, alongside their friends and in front of their family, developing confidence and self expression.

OUR TEACHERS

All of our teachers are highly qualified, experienced and are music degree level practitioners. They have a fully enhanced DBS check, and are liability insured for operating the lessons and activities in school. Teachers provide all of the instruments for the lessons and are trained to teach all children from complete beginners to advanced players.

From first notes to graded exams, Cadenza4Kids supports every child's musical journey with engaging, tailored tuition and full parent support. We operate a unique, affordable and all-inclusive tuition service. There's a thriving culture of music making in each and every school, improving pupil performance, mental well-being, and an opportunity for children to make new friends through group and paired tuition.
