Thursday 11th September 2025

Dear Parents and Carers,

I am writing to let you know about an exciting opportunity to support our Year 5 pupils in learning their times tables in a fun and engaging way.

As some of you may be aware, I make and share times table and other educational songs on YouTube, which I also promote on other social media platforms. I would like to begin filming a series of short videos to share on my social media accounts (MrWalkerMrWalker). The videos will feature myself on camera, with the class reacting or singing along to my times tables songs in the background. The children's voices will be heard, but they will not be visible in the videos. No children will be shown on screen or personally identified in any way.

Because children are not old enough to have their own TikTok or Instagram accounts, I will also share the videos we create together with the class in school. This way, the children will be able to enjoy watching their work in a safe environment, without needing access to social media.

This activity will take place during our normal learning time, as we will already be practising our times tables during maths lessons, and I hope it will help enhance their learning experience. My aim is to make learning times tables more engaging and enjoyable.

Please complete the £0.00 **ParentPay** offer entitled "**Voice Recording Permission**" by 11.59pm on Thursday 18th September to give permission for your child to take part.

Kind regards,
Mr Walker
