2nd July 2021

Year 1 Design and Technology: Ice Cream Packaging Unit

Dear Parents and Carers,

This term, as part of our Design and Technology lessons, we have been designing and making our own ice cream. We have sampled ingredients, and designed packaging for the ice cream especially for you. We ensured that we complied with strict COVID-19 guidance when completing our activities.

In the coming weeks, we will be making our ice creams. All children will have their own equipment and individual resources. As you will know, we have polled parents about ingredients to add and we did intend to allow you to sample our finished product. Unfortunately due to additional COVID-19 restrictions we will no longer be able to invite parents in to taste them. We would, however, like the children to continue with their project and intend to let them sample the ice cream themselves.

This will take place on: **Thursday 8th and Friday 9th July 2021**

Please complete the sQuid offer entitled "Y1 ice cream" by 11.59pm on Wednesday 7th July 2021 to indicate whether you wish your child to participate.

If you do not complete the sQuid offer, your child will not be able to join in with this activity.

If you would like any further information or would like to discuss any food allergies or intolerances, please do not hesitate to get in touch.

Thank you,

Mrs Stott, Mrs Oldham and Miss Garner
